Theme: "letters"

Handwritten letters from the past unite with thank-you notes, interoffice memos and emails from today to take us on a meaningful journey into the lives of those who call this school their own. The tedious effort and time to gather such mementos is an achievement that will be savored for many decades to come. Consider unlocking treasures from the past; your school librarian might be a good source. You just might uncover artifacts that could make a big impression on your school community.
