- bruins on Broadway

go big blue | fans scream out the cheers at the state football game. (above) the dodgeball game was a win against oak | tiffany chiu and Katherine norwood photos

## Theme: "Grow"

Organizational genius is at work in this book. The yearbook staff at Pulaski realized all of their content could be divided into three sections: Traditions (student life, sports, academics, clubs), People (mugshots), and Community (seniors, ads, index). They take it a step further by placing the entire Traditions section in chronological order. Each spread represents a week during the school year from August through May, thereby allowing anyone who picks up the book to immediately see the school year in its entirety.
