WINTER WEATHER HITS ...Again and Again

Morgan Olofson

IMPACT OF HARSH WEATHER CONDITIONS

MISSING SCHOOL IS ALL FUN AND GAMES UNTIL SCHOOL'S EXTENDED TO THE END OF JUNE

Excitement filled the students' bodies as they woke up with a notification on their phone saying that school was canceled. That was until it happened over and over, and became excessive. In all, due to the harsh weather conditions, school was canceled a total of nine days, plus another day due to a power outage.

With the students being at school so infrequently because of the snow and ice, lesson plans and schedules of what needed to be covered had fallen far behind, which sprouted some frustration for teachers.

"It affected my lesson plans because I wasn't able to do a lot of activities and had to lecture all the way through," said IB Biology teacher, Mr. Robert Winters.

While the teachers seemed to be frustrated even from the beginning, students initially enjoyed their time outside in the snow without any thoughts of school in their brains.

Hannah Price (10) said, "I enjoyed the days off because I got to sleep in and play in the snow the whole time!"

But, eventually, after so many days of snow and ice, even the students were bored of being stuck inside their houses with nothing to do and nowhere to go.

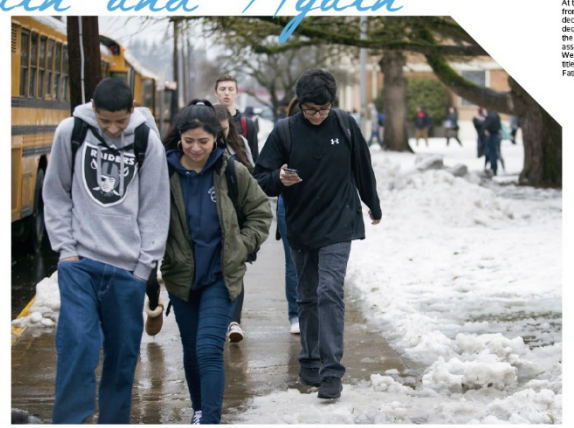
"At first it was fun, but it got annoying after a while because I was just stuck at home," said Deandre Clarke (10).

Many kids were excited about missing school until they were told that every day missed after two had to be made up.

"In the long term I don't think cutting into the summer is worth missing school over a few inches of snow," said Crystal Berg (10).

In mid-March, the decision was finally announced that the school district would extend the school year by five extra days in June - something seniors wouldn't have to worry about.

Magdalena Ramirez (12) said, "It's a good year to be a senior!"



THE AFTERMATH: After school gets let out, Jorge Rincon-Orozco (11) walks out into the snow to find his bus. Students' return to school included traversing snowy sidewalks and slushy roads.

Many students also heard exasperated "We are very behind" statements from teachers. Orozco said, *"They handled the situation a lot better compared to the previous year."* (PHOTO: GABE CARSNER - 01.18.17)

SOCIAL MEDIA SAW THE REAL STORM

THE SOCIAL MEDIA STORM: The power outage, leading to school cancellation, causes Noah Huggett (12) to ask if the already once rescheduled Winter Choir Concert will take place. Many students relied on social media sites to get and share information with one another during school closures. The concert was still held, but not without its fair share of anxiety. Huggett said, *"I think we handled things as best we could. We should have rescheduled before hand instead of waiting until the last minute."*

"IT'S EASIER FOR STUDENTS TO SEE": An announcement made by @greshamschools on Twitter announces the cancellation of school. The GBSD made a Twitter account to post their announcements and saw a large student audience. In regards to the GBSD twitter account, Ethan Rose (11) said, *"I like that they are tweeting...It's more accessible to students and easier for them to share by retweeting."*

GOVERNOR KATE BROWN

JANUARY 11, 2017

STATE OF EMERGENCY

At the request of local officials and upon recommendations from the Oregon Office of Emergency, Governor Kate Brown declared the state of emergency on January 11th, 2017. The declaration allowed the deployment of Oregon State Police and the Oregon National Guard to support to communities needing assistance. The snowstorm received national recognition. The Weather Channel wrote a piece on the storms from this winter titled "Portland, Oregon, May Be America's Most Winter-Fatigued City in 2016-17."

SO MUCH WATER: On the way back from lunch, Brian Estoban (9), Marta Luna-Cortes (9), Antonia Gould (9), and Marcela Flores (9) navigate their way to the main entrance of the school through the piles of plowed snow that surrounded the area. Flores said, *"I'm really glad I wore my boots today."* (PHOTO: GABE CARSNER - 12.05.16)

SNOW ANGEL: During the first snowfall of the year, Tess Wix (10) excitedly makes a snow angel in the grass outside the arts wing. Many students joined in the fun of this somewhat unorthodox adventure. *"I loved the snow days!"* said Wix. *"They were so fun and I needed a break from school."* (PHOTO: GABE CARSNER - 12.05.16)

SHRED THE SLOPES: On what feels like the third week of Winter Break, Samuel Fortune (12) skis down a slope at Main City Park in Downtown Gresham. Five consecutive snow days called for some around town skiing and Fortune was willing to oblige. *"Skiing down Towle was my favorite. It was a pretty rad experience. Seeing the look on people's faces as they drove up the hill won't be out of my mind anytime soon!"* said Fortune. (PHOTO: DILLON FOGLIO - 01.09.17)

"IT'S SNOWING!": On the first day of snowfall, Katherine Sause (12) and Elizabeth Stuart (12) enjoy the snow falling on their head as they head out for lunch. Students across campus rejoiced in the few small flakes that fell that day. Little did they know, there were many snow days that would cancel school in the near future. *"All of the cancelations don't bother me, it's always a nice surprise when school gets canceled,"* said Stuart. (PHOTO: GABE CARSNER - 12.05.16)

LOCALS

NSB new smyrna beach

HANG TEN While floating in the water, sophomore Ashley Bell, junior Catherine Demer and sophomore Ashlyn Noble wait for a wave at New Smyrna Beach. "I like to hang with my friends and have a good time [at NSB]. I love going for the day, but also over spring break for the week or over other holidays," Demer said. New Smyrna Beach was a popular hot spot for students and Orlando locals.

ALL YOU NEED to put up an ENO with junior Abby Hutsell

STEP ONE Take the straps out of the bag

STEP TWO Wrap both of the straps around the tree

STEP THREE Put the strap through the loop and pull

STEP FOUR Clip the hammock to the strap

STEP FIVE Pull on the straps to make sure they are secure

LAKE EOLA farmers market

COME EAR OFTEN On a Sunday afternoon, freshman Juliette Paymayesh eats an ear of corn. "It is somewhere downtown to hangout at. It is fun to look at all the vendors," Paymayesh said. Lake Eola Farmer's market started in 1987. FRUITY At the Farmer's Market, sophomores Sydney Leyton-Capen and Taylor McNeill eat a cup of fruit. "[We go] to have a fun time, to have wonderful new experiences and to support local businesses," Leyton-Capen said.

a whole new WORLD

students explored a prehistoric cave

Descending into the icy water with GoPros in hand and snorkels secured, sophomores Holly Arquette and Caroline Casola prepared to capture their last summer adventure.

Arquette and Casola visited Devil's Den located in Williston, Fla., about 90-minutes from Orlando. Arquette saw this attraction on a @ThatBucketList Twitter post on her feed.

"We all wanted to go to Devil's Den to have one fun last adventure of the summer," Arquette said. "Devil's Den was so cool and pretty. The water was freezing though, but I didn't mind."

Devil's Den, a 54 feet deep underground spring inside a dry cave, maintains 72 degrees Fahrenheit year round. After signing liability waivers, visitors can scuba dive and snorkel.

"Devil's Den is one of a kind because it's underground. Experiencing the freezing water made me second guess my life choices," Casola said.

After eating their lunches at picnic tables, they went swimming in the park's heated pool. Then the girls went back down into the springs, but were not allowed to go back into the water because patrons have a set time limit. However, they were able to take photos of the scenery from the steps.

"[Devil's Den] has a really cool atmosphere to the place. [It's an] awesome place for groups, and [a] great place for pictures," Arquette said.

The girls returned the snorkels, gathered their belongings, and made their way back to Orlando.

"It was a unique experience because the water was extra cold and it was in a prehistoric cave," Casola said.

SPRING relaxation

WAY DOWN YONDER At Rock Springs, freshman Ethan Cole floats in an inner-tube with his youth group. "It was just a beautiful, natural place and relaxing floating down the river," Cole said. Cole went to the spring with Discovery Church on a camping retreat. MODEL STATUS On a fallen log, senior Colby Lytle poses at Blue Springs as senior Brett Maneri can take his picture.

BARBER park pickups

HEAD IN THE GAME On Sunday, Nov. 20, sophomore Rafael Ruiz waits for his teammate to pass the ball and sophomore Tyrese Sunnally plays defense. "I like going there because I get fresh air, to see people and be a social butterfly," Ruiz said. Barbee Park, located off of Gatlin Road, opened from 8 a.m. to 6 p.m. SET, HUT, HIKE Sophomore Ismaiah Major gets ready to play football.

all your THOUGHTS where do you and your friends hangout outside of school?

"We go and grab Zaxby's by Millenia. I love their chicken fingers and french fries." DELEXIS DANIELS junior

"Anywhere [we can] go have fun and catch up with each other." JESSIE VELAZQUEZ-RODRIGUEZ senior

"We like to hangout at Wadeview because we like to talk about life and how everything is going." JASMINE ARGUELLES freshman

"We like to hangout at Bass Pro Shop because we like to fish a lot." BRETT KERN junior

"What are we doing after school, band, history class, I'm hungry and I don't feel well," junior ROBERT RODRIGUEZ said.

•Because of the state's low elevation, the dead are often laid to rest above ground instead of being buried.

•The world's longest bridge over a body of water is the Lake Ponchartrain Causeway.

There are approximately half a million king cakes sold in New Orleans every year around Mardi Gras, with another 50,000 shipped out to customers in other states.
