

# Theme Development **Mod 9 Part 9**

## Theme Packet

Student's Name: \_\_\_\_\_

Instructions: Now it is time to put all your thoughts together. Gather your thoughts and create a complete theme packet using your favorite theme. Create your theme work using Online Design, InDesign, Goggle Slides, or a program approved by your adviser. If you hand draw these designs, then take a photo and upload into your program. It would be great to have all the designs in one place.

Your theme packet should include the following:

- Theme: Identify your theme and write two or three sentences explain the theme and your theme packet **(5 Points)**
- Spin-offs-Make a list of your spin-offs and be sure to include two of the spin-offs on your dividers. **(5 Points)**
- Identify your fonts-Use up to three fonts **(5 Points)**
- Identify your color palette-Use up to five colors) **(5 Points)**
- Cover-Design your cover with colors, fonts, and graphics **(10 Points)**
- Front Endsheets-Include elements from the cover and include a table of contents **(10 Points)**
- Back Endsheets-Include elements from the cover. **(5 Points)**
- Title Page (Page 1)-Design the page and include at least one photo **(10 Points)**
- Opening Spread (Pages 2-3)- Design the spread and use photos **(10 Points)**
- Theme copy for the opening spread-Include the theme copy on the opening spread **(5 Points)**
- Two Dividers (Divisional Pages)-Dividers should look the same but change the spin-offs and photos **(10 Points)**
- Closing Spread-Design should look like opening spread but with closing copy and different photos **(5 Points)**
- Theme copy for the closing spread-Include the closing copy on the closing spread **(5 Points)**
- One Spread in your yearbook-Choose any spread you like. **(10 Points)**
